SHIVLAM

🌐 https://shivlam.com/

📧 hi@shivlam.com

Shivlam is a dynamic IT services firm specializing in delivering innovative solutions across multiple sectors. Since our establishment in 2021, we have successfully executed over 50 projects, cultivating a strong reputation for quality and long-term client satisfaction. We also supported some of the startups in the US for their tech needs.

Our core competencies lie in mobile app development, web development, SEO, and digital marketing. We are committed to leveraging technology to drive business growth and achieve exceptional results. Our adaptable approach allows us to explore various technology stacks based on specific client requirements.

Driven by a youthful spirit and a collaborative mindset, our team is dedicated to overcoming challenges and delivering superior IT services. We prioritise building strong, enduring partnerships with our clients, understanding their unique needs, and exceeding their expectations.

CEO @ Shivlam
AMAN SOLANKI

Aman Solanki, the driving force behind Shivlam, is a seasoned digital marketing strategist with a passion for turning online visions into reality.

With a proven history of driving tangible results through SEO and PPC, we've honed our skills to deliver exceptional ROI for our clients.

At Shivlam, I am dedicated to expanding our tech horizons and delivering exceptional results. My enthusiasm is contagious, and my commitment to our clients is unwavering.

CTO @ Shivlam
MAYUR TANNA

Mayur Tanna, As a CTO of the company, I prioritise staying abreast of the rapidly advancing technology landscape. My 8+ years of experience in mobile app development, particularly in native iOS, has significantly bolstered my portfolio at Shivlam.

Collaborating with teams across the globe has provided me with valuable experience in working on large-scale

Whether developing cutting-edge AR apps or leveraging AI to optimize existing products, I'm committed to pushing boundaries and exploring innovative solutions to drive exceptional outcomes.

CPA EXAMGUIDE

Analysis & Report

I gave the top 10 results by targeting more than 10 keywords. I had a very good ranking of pages and blogs.

Secondary targeted 1k+ keyword rocked to 11-20 position and as it was a hard volume keyword, given best traffic.

Organic Search: Keyword Position Distribution

US | cpaexamguide.com

LINK https://www.cpaexamguide.com/
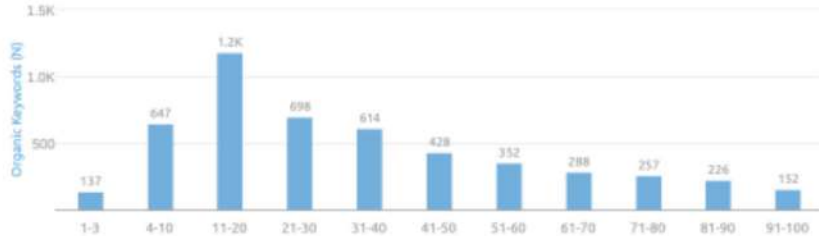

Analysis & Report

Started growing after December when I changed keyword targeting strategy to product-based targeting. As this is an eCommerce website, It needs product-based attention not general attention.

Backlinking strategy is also designed product and yes as per eCommerce need, we have to pay to get quality and promotional backlinks.

Traffic: Organic vs Paid
